PROPOSES DIVISION OF COUNTY INTO DISTRICTS

Representative Post Has Reapportionment Bill Ready

RIVER SECTION ONE

By New Plan Charleroi and Contiguous District Would Gain Legislation

A legislative reapportionment bill will be introduced into the House of Representatives tonight by Representative John L. Post of Washington county. The measure does not change any district in the state with the exception of Washington county and is introduced as a vehicle so that other counties may have amendments made to it, giving them the number of representatives allowed by the last census.

Washington county is entitled to four members. Post would divide the county into two districts, each electing two members. One of these districts is composed of the towns and townships along the Monongahela Rivers, the dividing line between the districts being the western boundaries of Peters township, Nottingham township, Somerset township, West Bethlehem township and Marianna township.

The first district is composed of Beallsville, Bentleyville, California, Centerville, Charleroi, Coal Center, Cokesburg, Deemston, Donora, Elco, Ellsworth, Finleyville, Long Branch, Marianna, North Charleroi, Roscoe, Speers, Stockdale, Twilight, West Brownsville and New Eagle boroughs, Monogahela City and Allen township, Carroll township, East Bethlehem township, East Pike Run township, Fallowfield township, Nottingham township, Peters township, Somerset township, Union township and West Pike Run township.

The second district is composed of Washington, Canonsburg, Burgettstown, Claysville, East Washington, Houston, McDonald, Midway, South Canonsburg, West Alexander and West Middletown boroughs, and Hanover, Jefferson, Independence, Donegal, West Finley, East Finley, Buffalo, Blaine, Hopewell, Cross Creek, Smith, Robinson, Mount Pleasant, Cecil, Chartiers, Canton, North Franklin, South Franklin, Morris, Amwell, South Strabane and North Strabane townships.

The two districts were agreed upon by the three Washington county members of the house, and they say both are Republican districts. If the members had decided to make four districts, each electing one member to the House of Representatives, two Democratic districts possibly could have been carved out. Representative Post stated today that he believed the two districts were equally and fairly divided, although they would not benefit the Democratic party any more than the present method of electing three Representatives-at-large from the county does.

Government Boats Engaged at Work of Removing Debris Caused by Flood

The United States Steamer Swan from the North Charleroi government yards and drege boat No. 2 are at Lock No. 5, at Brownsville beginning the work of dredging out the inside of the inner lock. During one of the heavy floods this winter the lock was filled with debris until it was made practically unusable. The debris is being removed to a point above the lock and dumped.

ACCIDENTS ON TRACK

Driver Gets in Road of Car and is Dumped in Mud

MONONGAHELIAN HURT

Two accidents were reported on the Pittsburg-Charleroi electric street railways line Saturday night on the Charleroi division. One occurred near the Charleroi pump station on McKean avenue extension, when a produce wagon of Jake Zeidman's driven by Joe Snitz, was struck by a small car. Snitz it is told drove across the track and was unable to get his wagon away until struck by the car. He was thrown from his wagon into the mud, sustaining bruises, but no particular serious injuries. Little damage was done to the wagon and the team was was practically unharmed, although the harness was cut.

Dick Carter of Black Diamond, a miner was injured at Black Diamond. He is said to have been lying on the ties just outside the rails. He was not seen by the motorman until too late to stop the car and was hit by the car step. Suffering from a deep gash in his head, he was removed to the Memorial hospital.

EAGLES HOLD ANNUAL MEMORIAL SERVICES

C. W. L. McDermott of Cumberland, Md., Makes Address---Eulogy Delivery by W. R. Gaut---Music a Feature

Charleroi Aerie, No. 390, Fraternal Order of Eagles Sunday afternoon paid tribute to their honored dead with memorial services at the Palace Theatre. Five deaths occurred within the order during the year, and it was in commenoration of the lives of these that the memorial was held. C. W. L. McDermott of Cumberland, Md. made the address of the afternoon.

Mr. McDermott spoke of the reasons for the memorial, and of the principals of liberty, truth, justice and equality that are the essentials tenets of the Fraternal Order of Eagles. He repeated the motto, "Their faults we have forgotten; their virtues we hold in everlasting memory," and made a text from it In part Mr. McDermott said:

"Life begins in mystery and ends in mystery. The acts between the cradle and the grave are what we are judged by. Death is regarded as a most solemn thing. There is a lesson to contemplate. Death is not half as solemn as life. Death is merely the getting off station. Life determines what our destines will be.

"Liberty, truth, justice and equality---these are the principals by which we should live. Live right. Get away from hatred and animosity and live by the Golden Rule. Equality and sympathy are what we want. Some men who won't shave on Sunday spend the other six days of the week shaving their fellow men. Some who won't blacken their shoes on Sunday, because they think it is wicked spend the rest of the week blackening reputations."

W. R. Gaut, past worthy president of Charleroi Aerie delivered the eulogy, paying a beautiful tribute of affection on behalf of the lodge to the dead members. J. A. Weber, worthy president presided, and made the opening amouncements. Rev. C. P. Bastian delivered the invocation and said the benediction.

The Charleroi Elks chorus, under direction of Prof. I. T. Daniel, with Fred Lindauer as accompanist, rendered well two solemn selections. "Blessed are the Depa ted," Blumner and "Nearer My God to Thee," Johnson. Thomas Thomas, a baritone of Pittsburg sang well two selections, "O Lord, Rebuke Me Not," Brown, and "Gloria," A. Buzzi Peccia. Mr. Thomas has a beautiful baritone voice and was at his best with these two sacred, praisful compositons. Under direction of Harry Barnhart the Palace Orchestra rendered the overture, "How So Fair," Flotow; the interlude, "Consolation," Morrison, and the postlude, "Crucifix," Faure.

Since the inception of the Charleroi Aerie Fraternal Order of Eagles there have been 177 deaths. Five of the number who died this year was the greatest number for whom memorial services were held at one time. The names of those who died during the year are: Robert K. Allison, David J. Province, Theodore Ebberts, Henry Bentz and John Watkinson.

WILL BE BEST MUSICAL NUMBER OF THE COURSE

What should prove from the advance notices the best musical attraction of the year on the Charleroi Citizens Entertainment course is the Aida quartet of women and C. Pol Plancon, baritone, to appear tomorrow night at the Methodist Episcopal church. The troupe is the only one of the year that comes recommended as having appeared simultaneously with some of the most noted musicians of the world at the largest theatres in some of the largest cities. The quartet appeared with Madame Schumann-Heink at New York City.

The members of the quartet are Miss Edna White, who is said to be the only solo trumpter of her sex in the world: Miss Norma Sauter, violinist, a former pupil of the noted Franz Kneisel; Miss Cora Sauter, cellist, a pupil of Leo Schultz; and Miss Ruth Wolfe, a well known pianist. All are musical students, say the advance notices, of unusual brilliancy and depth. The Misses Sauter come from a German family of musicians.

C. Pol Plancon who is to accompany the troupe is a relative of Plancon, the famous French basso, and himself it is stated a singer of grand opera.

The entertainment will begin tomorrow night at 8 o'clock, the usual hour.

CATSBURG GOT ITS NAME BY QUEER METHOD

Catsburg, the mining hamlet near Monongahela gained its name in 1811 according to the Monongahela Times. The only family that lived east of Pigeon creek was that of "Biddie" Caldwell. "Biddie and her daughters were constantly quarreling, screaming, puling hair and such like. The neighbors called this household "the cat and the kittens." Residents of the vicinity soon took to the name, and although it had been laid out under the name of East Williamsport, they continued to call it Catsburg, and the name has clung to it until the present day.

BELGIUM ARTIST CONCERT SOLOIST

A musical concert was rendered at the Eighth Street hall on Saturday The affair proved a great success. The music was under the direction of Frank Hubinon, Sr. One of the most enjoyed pieces played was a solo by Edmund Dupont an artist on the baritone, who has just arrived from Brussels, Belgium. He is a graduate of the Conservatory of Music of that city. The concert was followed by a ball, with the Symphonie Orchestra furnishing the music.

Notice.

To all Local Unions of Charleroi and vicinity. A special meeting of the Monongahela Valley Central Council will be held at the Labor Temple, on Tuesday, March 18 at 7:30 p. m. Foreigner Put Off Car Accused of Trying to Wreck It.

TROUBLE COMES QUICK

Andy Copka of Donora was taken to the Washington county jail this morning in default of $2,000 bail as a result of an alleged attempt to wreck a street car between Donora and Black Diamond last night. The charge was preferred by Division Superintendent C. R. Buchanan of the Pittsburg-Charleroi Street Railways company.

Andy and his brother Joe boarded a street car in Donora about 10:30 o'clock Saturday night on their way home. They became disorderly and Conductor George Howe put them off the car.

Just before this same car reached Fifteenth street, Donora, on its return trip it was bombarded with rocks. Windows were broken and several passengers had narrow escapes from rocks and broken glass. The motorman, Bartley Burke, stopped the car just in time to avoid running into a pile of boulders on the track ahead.

Two men were seen running away in the darkness. The conductor and motorman gave chase, capturing Andy Copika. The other man escaped.

Capiko was taken to Donora. At a hearing before Justice Coatsworth he was held for court. Officers are searching for the other man.

Lumber Being Shipped in and Sidings Are Being Built

TO HURRY THE WORK

Coal Men Urge Immediate Construction Because of Recent Coal Activity

Lumber is being shipped to Lock No. 6 at Rices Landing and sidings are being built to be used in the construction of one new lock. That this lock will be completed before the work of rebuilding Lock No. 4 is finished is the confident belief of certain rivermen. The new lock is to be built at the outside of the present lock.

Already several carloads of lumber have been shipped to Lock No. 6, and new carloads are going in daily. Like at Lock No. 4 the government will do the work of rebuilding. The appropriation for the work may be taken from what is commonly called the emergency fund of the War Department money.

There is just one lock at Lock No. 6 and two are needed. Recent coal developments in the sixth pool make improvement sseem absolutely necessary in order to care for the growing river coal trade. The Rivers and Harbors bill introduced in Congress a year ago called for an appropriation for Lock No. 6. When it emerged the bill had been trimmed and Lock No. 6 has lost out. Lock No. 4 also lost out in the appropriation grant but work was started there regardless, money to be provided under a separate arrangement by the War Department.

At Lock No. 6 there is a good building foundation, so that the cost of lock construction will be minimized. The inside lock will be used for some time to come. The new outside lock will be of the latest design. It will be constructed after the general plan followed in the building of Lock No. 4, which is to be in turn patterned after No. 5.

THREE ENGAGE IN FIGHT ON CAR

Three men from up the river furnished excitement on a street car Saturday night as they were returning home, and the car was backed down to Fifth street, where they were taken off and lodged in the lockup by the police. Their names were Thomas Wilkinson, J. L. Wilkinson and John McIntosh. On Sunday morning the trio were given a hearing before Burgess George W. Risbeck, and fined $5 and costs. The fight occurred at about 11:30 o'clock and is said to have arisen as the result of drinking.

BANKING FOR THE PEOPLE

It is now generally agreed by the wisest of the political economists of the day that the three essentials for this country at the present time are better government, better farming and better banking. The reasons for better government and better farming are obvious, and the violent agitation now in progress along those lines will eventually solve the problem With banking, the whole country seems to be at sea. All are agreed that the system in use in this country is faulty and inadequate, but there seems to be no well defined plan of improvement on which to concentrate.

What is most needful at the present is a system of banking that will reach the common people. Banking, business and finance as now conducted, seems to leave the great mass of people out of consideration, except in the matter of getting their deposits of savings. A person not engaged in trade or manufacturing is not in the popular sense of the word considered a business person or a financier, whereas the head of a family, though in a small way, has all the intricacies of the scheme of business to contend with. The shop girl and the laborer have to exercise business ingenuity of the highest type to maintain an existence, yet the present banking scheme does not apply to them in the same manner that it does to persons engaged in trade or manufacture.

To meet this requirement private loan agencies and pawn brokers establistments are conducted, but they are not satisfactory in the sense that regular banking is to be the tradesman and manufacturer. The honest industrious worker who would like to borrow ten dollars to tide him over until next pay cannot get it without paying too high a rate of interest. The result is he stands off his creditors, which hampers trade and commerce all the way up to what is called big business. France, which is a country of low wages and no big industries, as compared with this country, has more money to lend to outside borrowers than any other country in Europe. There the banking system is based on the needs and requirements of the common working people. It is stated that any bank there will loan ten dollars as cheerfully as ten thousand, and at the same rate of interest. Government bonds are issued there in denominations as low as one franc—about twenty cents in United States money. The working people are the bondholders of the nation, as well as the depositors of the banks, and the banking system considers their wants and needs in its scheme of operation.

Banking has been conducted in this country for so long a period on the single idea of private profit and big business requirements that the individual, who is really as much of a business man in his sphere as the trademan or manufacturer, has been lost sight of. The result has been a system of credit and bad accounts which is one of the demoralizing factors in the trade and commerce of the country. It is the savings of the people that is now constituting the vast capital on which big business is conducted, and now a scheme is necessary to consider within the scope of banking the needs and requirements of the humble individual. This has been considered too small a matter heretofore, but the aggregate of the demand is now working toward so mighty a volume of discontent throughout the whole country, that it will result in some violent social upheavals unless the cause is removed.

It was not very long ago that banks not savings institutions would not handle small deposits. Now every effort is made to induce even the smallest wage earner to become a depositor, as the aggregate means millions of more dollars to loan to big business interests. As the common people are now furnishing the funds, they have a right to expect some system of banking better adopted to is one of the problems to consider in the new scheme of banking that the financial sharps are trying to devise. their needs than now exists. PICKED UP IN PASSING

Recently one of the large Pittsburg department stores advertised that on a certain date living models would be employed to display ladies' gowns and wraps. A Charleroi matron, it is stated, who had been contemplating the purchase of an evening gown thought this a good opportunity to make a selection, and prevailed upon her husband to accompany her, as she always desired to please him in the selection of her gowns. They accordingly went to the store of the living models, where gown after gown was donned and paraded before the couple. There was such a bewildering array of pretty and stylish gowns that the woman was at a loss to make a selection. Finally, when the choice resolved down to between three availabl garments, the woman appealed to her husband.

"Now, Tom, which of those do you like the best?" she said, as three of the models lined up before them in the center of the room.

"Well," he replied critically, "that black-eyed one looks good to me."

"Advertising pays," said Rev. Lucius W. Shey, rector of St. Mary's Episcopal church, Saturday, as he came in to give his church notice for the schedule of services Sunday in the department published by the Mail each week. "Many strangers find their way to our church each Sundays through the medium of these Saturday notices. The other Sunday I noticed two fine looking men, strangers, in our congregation, and after the services I went up to them and extended greetings.

"'We saw the notice of your services in the local paper at the Wilbur Hotel where we are staying over Sunday,' one remarked, 'and as we are Episcopalians we immediately sought out your church.'

"Nearly every Sunday strangers are encountered on the streets inquiring for Sixth and Lookout, the location of our church."

"Hello," said a feminine voice over the 'phone this morning, "is this the Mail office?"

"Yes."

"Well, I wish that you'd put in your 'Picked up in Passing' column today that two of our prominent young men went to Pittsburg Saturday evening to see Gertrude Hoffman at the Alvin."

"What is there unusual about that, outside of a personal mention. What are their names, please?"

"Oh, never mind their names. Just say they went and took an opera glass with them."

MANY HELPFUL WAYS OF DOING ODD THINGS

A housekeeper who prides herself on her excellent management gives the following secret of dusting; she always dips her dusters in paraffin oil after washing them, and says it is really astonishing to find how much more effective they are.

This is only one of the numerous uses to which she puts kerosene. A kerosene soaked rag removes all of the grease from her kitchen sink and leaves it bright and shining; in the same way her stove is kept clean.

Care of the Range.

In speaking of stoves, it is worth mentioning here that vaseline is considered an excellent substitute for blackening for the gas range. After work on the range has been finished for the day a rag greased with vaseline should be rubbed over the range inside and out. If this is done while it is still warm, the gas having been turned off, the effect is most satisfactory.

From another housewifely friend come some suggestions for the laundry. Any one who is fond of pretty lingerie and possesses much fine Irish linen likes to superintend the washing herself. Following are a few pearls of wisdom for the home laundress:

Woman's Precious Gift

The one which she should most jealously guard, is her health. but it is the one most often neglected, until some ailment peculiar to her sex has fastened itself upon her. When so affected such women may rely upon Lydia E. Pinkham's Vegetable Compound, a remedy that has been wonderfully successful in restoring health to suffering women.

Make Us Prove It

We dare not exaggerate to you. We are dependent upon your patronage. To get it we must have your trust and confidence. We make the following statements with a full understanding of what they mean to us. You are safe when you believe in these statements.

For the Bowels

If you only knew as much as we and those who have used them know about Rexall Orderlies, you would be as enthusiastic about recommending them as we are. They taste just like candy. They act so easily and so pleasantly that the taking of them is a pleasure.

Even children like Rexall Orderlies: and you know that if a medicine appeals to a child, it will appeal to grown-ups.

Rexall Orderlies

help chase gloom, dispel blues and make you feel happy by their splendid tonic, cleansing and strengthening effect upon the bowels.—They act to free the system—and keep it free—from the distress and ill feeling that naturally results from irregular and inactive bowels.

Rexall Orderlies do this quietly, without griping or causing nausea, purging or excessive looseness. They act to overcome and remove the cause of bowel ills and in a short time usually make unnecessary the continued use of physics and purgatives, thus tending to stop such unhealthy habits as may have been formed.

Make Us Prove This

We do not ask you to take our word for this. We want you to make us prove it, and at no cost to you.

Buy a box of Rexall Orderlies at our store. Use them once, or use up the whole box. Then, if you are not thoroughly satisfied, just come back empty handed and tell us. Without obligating you or questioning you we will return the money you paid us for them.

Doesn't that indicate that Rexall Orderlies are at least worthy of trial? Doesn't it prove our faith in them? Doesn't it merit your confidence? Could any offer be more fair to you?

We particularly recommend Rexall Orderlies for children, delicate and aged persons. Rexall Orderlies come in convenient vest-pocket size tin boxes. 12 tablets, 10c; 36 tablets, 25c; 80 tablets, 50c.

CAUTION: Please bear in mind that Rexall Orderlies are not sold by all druggists. You can buy Rexall Orderlies only at The Rexall Stores.

SPRING ANNOUNCEMENT

Opening Display

Illustrating Spring's Authentic Styles

for

MILLINERY and GARMENTS

Wednesday and Thursday, March 19-20

VOLUMES might be written on the Authentic Styles for Spring, but just as you must see a beautiful piece of landscape to appreciate it, just so you must see these beautiful Spring Wearables to get an idea of their beauty. Word pictures can only convey to you a general description, you must see these garments yourself to get a true conception of their merits. We have spared neither pains or expense to get just what you might want. We have made a study of your tastes and we are certain that you will be as pleased to see these new creations as we are glad to show them to you. The whole store will be in holiday attire. Every department will welcome you with special displays---we want you to come in and see these goods for Spring and Summer.

An Authentic Showing of Tailored and Dress Hats for Ladies

There are many decided changes in hats this season and as millinery is the most important feature at opening time, we are sure the ladies will appreciate the treat that we have in store for them in this department. The new shapes, the new colors, in the very newest French ideas should prove attractive to all lovers of tastefully trimmed hats. The prices range so easily, that all can be pleased in quality and price. Come in and look around—take your time and see all these pretty creations.

Opening Display of Suits, Coats and Dresses

We believe that we can say with pardonable pride, that our suits are prettier this season than they ever were before. They are dainty, chic and handsome. These suits were bought direct from the maker and they are all that a reliable suit should be. Nobby cutaways that are very becoming, plain tailored suits—whether it be a simple little suit or a more elaborate design, there is a suit right here to your liking.

Come to the opening and see these pretty garments on display. See the pretty dresses that were selected expressly for you. You must take your time to see how very pretty they are.

New waists, New Skirts, Children's Dresses—all the latest styles.

SPRING COATS FOR LADIES, MISSES AND CHILDREN

Opening of Silks, Wash Goods and Dress Woolens

Silks have a wider range than ever before, there are so many new patterns this season. Gives one a better chance to select the one best suited their tastes. Our Charmeuse, Crepe Meteors, Taffettas, Messalines, Brocade and Bulgarian Silks make a stunning display. Come in and see them.

Our Dress Goods and Wash Goods departments will merit your attention too. Don't fail to see them and the accessories as well.

Opening Day Styles Spring Fashions for Men

We have always thought that the men appreciated pretty things too, so we are going to give a Spring Opening for men in conjunction with our Millinery Opening. There will be a showing of beautiful new styles and fabrics for spring wear in suits for men and boys.

Made-to-Measure Suits

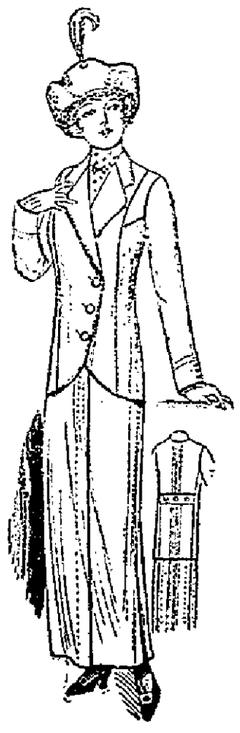
The careful dresser has long since learned that to be well dressed he must have a suit that meets his individual measurements. In the made to measure suit every little peculiarity, as to build and position, is incorporated in the suit. There are no two men proportioned just the same, for this reason Merchant Tailors draft a pattern for every garment.

Our man will be glad to show you the five hundred or more suitings that we have from America's best Merchant Tailors. You select the cloth from this large line of woolens and he will do the rest. He will measure you and do it correctly. But remember that we say, "A Fit or No Sale." We guarantee a fit—the cloth and workmanship speak for themselves. Easter is almost here, and Spring is close at hand. Have a look at our exclusive patterns—the new colors and weaves. Look at our window display and remember that We Positively Guarantee a fit or No Sale. Others have ordered and reordered, why not make us prove that we can do as well for you.

Spring Hats and Furnishings

We have most everything you want in furnishings—and the correct kinds, too—in large assortments. There is new neckwear, men's and boys underwear, men's and boy's shirts, caps, hats, collars, hose, unbrellas, etc.—and they are always the best. It will pay you to keep in touch with our furnishing department.

We carry a full line of ready made suits for men, young men and boys. We have a suit for every requirement, and one to suit every purse.



In order to give our attention absolutely to our customers, we will have no music or souvenirs, but we will have our usual Opening Sale. Special goods will go on sale in each department and every visitor will receive Ten S. & H. Green Trading Stamps Free on These Two Days

Double Green Stamps on All Sales

In addition we will give Double Stamps on all Cash Sales in Every Department on these Two Opening Days. You are cordially invited to attend this Spring Opening, which features all that is new in Millinery, Suits, Men's Clothing, Silks, Dress Goods, Wash Goods, Laces, Ribbons, Neckwear, Etc., Etc.

VOL. XIII. NO. 199 — CHARLEROI, WASHINGTON CO., PA., MONDAY, MARCH 17, 1913 — ONE CENT

PROPOSES DIVISION OF COUNTY INTO DISTRICTS

Representative Post Has Reapportionment Bill Ready

RIVER SECTION ONE

By New Plan Charleroi and Contiguous District Would Gain Legislation

A legislative reapportionment bill will be introduced into the House of Representatives tonight by Representative John L. Post of Washington county. The measure does not change any district in the state with the exception of Washington county and is introduced as a vehicle so that other counties may have amendments made to it, giving them the number of representatives allowed by the last census.

Washington county is entitled to four members. Post would divide the county into two districts, each electing two members. One of these districts is composed of the towns and townships along the Monongahela Rivers, the dividing line between the districts being the western boundaries of Peters township, Nottingham township, Somerset township, West Bethlehem township and Marianna township.

The first district is composed of Beallsville, Bentleyville, California, Centerville, Charleroi, Coal Center, Cokesburg, Deemston, Donora, Elco, Ellsworth, Finleyville, Long Branch, Marianna, North Charleroi, Roscoe, Speers, Stockdale, Twilight, West Brownsville and New Eagle boroughs, Monogahela City and Allen township, Carroll township, East Bethlehem township, East Pike Run township, Fallowfield township, Nottingham township, Peters township, Somerset township, Union township and West Pike Run township.

The second district is composed of Washington, Canonsburg, Burgettstown, Claysville, East Washington, Houston, McDonald, Midway, South Canonsburg, West Alexander and West Middletown boroughs, and Hanover, Jefferson, Independence, Donegal, West Finley, East Finley, Buffalo, Blaine, Hopewell, Cross Creek, Smith, Robinson, Mount Pleasant, Cecil, Chartiers, Canton, North Franklin, South Franklin, Morris, Amwell, South Strabane and North Strabane townships.

The two districts were agreed upon by the three Washington county members of the house, and they say both are Republican districts. If the members had decided to make four districts, each electing one member to the House of Representatives, two Democratic districts possibly could have been carved out. Representative Post stated today that he believed the two districts were equally and fairly divided, although they would not benefit the Democratic party any more than the present method of electing three Representatives-at-large from the county does.

ACCIDENTS ON TRACK

Driver Gets in Road of Car and is Dumped in Mud

MONONGAHELIAN HURT

Two accidents were reported on the Pittsburg-Charleroi electric street railways line Saturday night on the Charleroi division. One occurred near the Charleroi pump station on McKean avenue extension, when a produce wagon of Jake Zeidman's driven by Joe Snitz, was struck by a small car. Snitz it is told drove across the track and was unable to get his wagon away until struck by the car. He was thrown from his wagon into the mud, sustaining bruises, but no particular serious injuries. Little damage was done to the wagon and the team was was practically unharmed, although the harness was cut.

Dick Carter of Black Diamond, a miner was injured at Black Diamond. He is said to have been lying on the ties just outside the rails. He was not seen by the motorman until too late to stop the car and was hit by the car step. Suffering from a deep gash in his head, he was removed to the Memorial hospital.

EAGLES HOLD ANNUAL MEMORIAL SERVICES

C. W. L. McDermott of Cumberland, Md., Makes Address---Eulogy Delivery by W. R. Gaut---Music a Feature

Charleroi Aerie, No. 390, Fraternal Order of Eagles Sunday afternoon paid tribute to their honored dead with memorial services at the Palace Theatre. Five deaths occurred within the order during the year, and it was in commemoration of the lives of these that the memorial was held. C. W. L. McDermott of Cumberland, Md. made the address of the afternoon.

Mr. McDermott spoke of the reasons for the memorial, and of the principals of liberty, truth, justice and equality that are the essentials tenets of the Fraternal Order of Eagles. He repeated the motto, "Their faults we have forgotten; their virtues we hold in everlasting memory," and made a text from it. In part Mr. McDermott said:

"Life begins in mystery and ends in mystery. The acts between the cradle and the grave are what we are judged by. Death is regarded as a most solemn thing. There is a lesson to contemplate. Death is not half as solemn as life. Death is merely the getting off station. Life determines what our destines will be.

"Liberty, truth, justice and equality---these are the principals by which we should live. Live right. Get away from hatred and animosity and live by the Golden Rule. Equality and sympathy are what we want. Some men who won't shave on Sunday spend the other six days of the week shaving their fellow men. Some who won't blacken their shoes on Sunday, because they think it is wicked spend the rest of the week blackening reputations."

W. R. Gaut, past worthy president of Charleroi Aerie delivered the eulogy, paying a beautiful tribute of [illegible] the dead members. J. A. Weber, worthy president presided, and made the opening announcements. Rev. C. P. Bastian delivered the invocation and said the benediction.

The Charleroi Elks chorus, under direction of Prof. I. T. Daniel, with Fred Lindauer as accompanist, rendered well two solemn selections. "Blessed are the Departed," Blummer and "Nearer My God to Thee." Johnson. Thomas Thomas, a baritone of Pittsburg sang well two selections. "O Lord, Rebuke Me Not," Brown, and "Gloria," A. Buzzi Peccia. Mr. Thomas has a beautiful baritone voice and was at his best with these two sacred, praisful compositons. Under direction of Harry Barnhart the Palace Orchestra rendered the overture, "How So Fair," Flotow; the interlude, "Consolation," Morrison, and the postlude, "Crucifix," Faure.

Since the inception of the Charleroi Aerie Fraternal Order of Eagles there have been 177 deaths. Five of the number who died this year was the greatest number for whom memorial services were held at one time. The names of those who died during the year are: Robert K. Allison, David J. Province, Theodore Ebberts, Henry Bentz and John Watkinson.

WILL BE BEST MUSICAL NUMBER OF THE COURSE

What should prove from the advance notices the best musical attraction of the year on the Charleroi Citizens Entertainment course is the Aida quartet of women and C. Pol Plancon, baritone, to appear tomorrow night at the Methodist Episcopal church. The troupe is the only one of the year that comes recommended as having appeared simultaneously with some of the most noted musicians of the world at the largest theatres in some of the largest cities. The quartet appeared with Madame Schumann-Heink at New York City.

The members of the quartet are Miss Edna White, who is said to be the only solo trumpter of her sex in the world; Miss Norma Sauter, violinist, a former pupil of the noted Franz Kneisel; Miss Cora Sauter, cellist, a pupil of Leo Schultz; and Miss Ruth Wolfe, a well known pianist. All are musical students, say the advance notices, of unusual brilliancy and depth. The Misses Sauter come from a German family of musicians.

C. Pol Plancon who is to accompany the troupe is a relative of Plancon, the famous French basso, and himself it is stated a singer of grand opera.

The entertainment will begin tomorrow night at 8 o'clock, the usual hour.

CATSBURG GOT ITS NAME BY QUEER METHOD

Catsburg, the mining hamlet near Monongahela gained its name in 1811 according to the Monongahela Times. The only family that lived east of Pigeon creek was that of "Biddie" Caldwell. "Biddie and her daughters were constantly quarreling, screaming, puling hair and such like. The neighbors called this household "the cat and the kittens." Residents of the vicinity soon took to the name, and although it had been laid out under the name of East Williamsport, they continued to call it Catsburg, and the name has clung to it until the present day.

BELGIUM ARTIST CONCERT SOLOIST

A musical concert was rendered at the Eighth Street hall on Saturday The affair proved a great success. The music was under the direction of Frank Hubinon, Sr. One of the most enjoyed pieces played was a solo by Edmund Dupont an artist on the baritone, who has just arrived from Brussels, Belgium. He is a graduate of the Conservatory of Music of that city. The concert was followed by a ball, with the Symphonie Orchestra furnishing the music.

Notice.

To all Local Unions of Charleroi and vicinity. A special meeting of the Monongahela Valley Central Council will be held at the Labor Temple on Tuesday, March 18 at 7:30 p. m. Send all members of your union, whether delegates or not, without fail. A committee from the Iron City Central Trades Council of Pittsburg will be at this meeting and also one or two organizers of the American Federation of Labor. It is important for every union man to attend this meeting.

Foreigner Put Off Car Accused of Trying to Wreck It.

TROUBLE COMES QUICK

Andy Copka of Donora was taken to the Washington county jail this morning in default of $2,000 bail as a result of an alleged attempt to wreck a street car between Donora and Black Diamond last night. The charge was preferred by Division Superintendent C. R. Buchanan of the Pittsburg-Charleroi Street Railways company.

Andy and his brother Joe boarded a street car in Donora about 10:30 o'clock Saturday night on their way home. They became disorderly and Conductor George Howe put them off the car.

Just before this same car reached Fifteenth street, Donora, on its return trip it was bombarded with rocks. Windows were broken and several passengers had narrow escapes from rocks and broken glass. The motorman, Bartley Burke, stopped the car just in time to avoid running into a pile of boulders on the track ahead.

Two men were seen running away in the darkness. The conductor and motorman gave chase, capturing Andy Copika. The other man escaped.

Capiko was taken to Donora. At a hearing before Justice Coatsworth he was held for court. Officers are searching for the other man.

Lumber Being Shipped in and Sidings Are Being Built

TO HURRY THE WORK

Coal Men Urge Immediate Construction Because of Recent Coal Activity

Lumber is being shipped to Lock No. 6 at Rices Landing and sidings are being built to be used in the construction of one new lock. That this lock will be completed before the work of rebuilding Lock No. 4 is finished is the confident belief of certain rivermen. The new lock is to be built at the outside of the present lock.

Already several carloads of lumber have been shipped to Lock No. 6, and new carloads are going in daily. Like at Lock No. 4 the government will do the work of rebuilding. The appropriation for the work may be taken from what is commonly called the emergency fund of the War Department money.

There is just one lock at Lock No. 6 and two are needed. Recent coal developments in the sixth pool make improvement sseem absolutely necessary in order to care for the growing river coal trade. The Rivers and Harbors bill introduced in Congress a year ago called for an appropriation for Lock No. 6. When it emerged the bill had been trimmed and Lock No. 6 has lost out. Lock No. 4 also lost out in the appropriation grant but work was started there regardless, money to be provided under a separate arrangement by the War Department.

At Lock No. 6 there is a good building foundation, so that the cost of lock construction will be minimized. The inside lock will be used for some time to come. The new outside lock will be of the latest design. It will be constructed after the general plan followed in the building of Lock No. 4, which is to be in turn patterned after No. 5.

THREE ENGAGE IN FIGHT ON CAR

Three men from up the river furnished excitement on a street car Saturday night as they were returning home, and the car was backed down to Fifth street, where they were taken off and lodged in the lockup by the police. Their names were Thomas Wilkinson, J. L. Wilkinson and John McIntosh. On Sunday morning the trio were given a hearing before Burgess George W. Risbeck, and fined $5 and costs. The fight occurred at about 11:30 o'clock and is said to have arisen as the result of drinking.

BANKING FOR THE PEOPLE

It is now generally agreed by the wisest of the political economists of the day that the three essentials for this country at the present time are better government, better farming and better banking. The reasons for better government and better farming are obvious, and the violent agitation now in progress along those lines will eventually solve the problem With banking, the whole country seems to be at sea. All are agreed that the system in use in this country is faulty and inadequate, but there seems to be no well defined plan of improvement on which to concentrate.

What is most needful at the present is a system of banking that will reach the common people. Banking, business and finance as now conducted, seems to leave the great mass of people out of consideration, except in the matter of getting their deposits of savings. A person not engaged in trade or manufacturing is not in the popular sense of the word considered a business person or a financier, whereas the head of a family, though in a small way, has all the intricacies of the scheme of business to contend with. The shop girl and the laborer have to exercise business ingenuity of the highest type to maintain an existence, yet the present banking scheme does not apply to them in the same manner that it does to persons engaged in trade or manufacture.

To meet this requirement private loan agencies and pawn brokers establishments are conducted, but they are not satisfactory in the sense that regular banking is to be the tradesman and manufacturer. The honest industrious worker who would like to borrow ten dollars to tide him over until next pay cannot get it without paying too high a rate of interest. The result is he stands off his creditors, which hampers trade and commerce all the way up to what is called big business. France, which is a country of low wages and no big industries, as compared with this country, has more money to lend to outside borrowers than any other country in Europe. There the banking system is based on the needs and requirements of the common working people. It is stated that any bank there will loan ten dollars as cheerfully as ten thousand, and at the same rate of interest. Government bonds are issued there in denominations as low as one franc--about twenty cents in United States money. The working people are the bondholders of the nation, as well as the depositors of the banks, and the banking system considers their wants and needs in its scheme of operation.

Banking has been conducted in this country for so long a period on the single idea of private profit and big business requirements that the individual, who is really as much of a business man in his sphere as the trademan or manufacturer, has been lost sight of. The result has been a system of credit and bad accounts which is one of the demoralizing factors in the trade and commerce of the country. It is the savings of the people that is now constituting the vast capital on which big business is conducted, and now a scheme is necessary to consider within the scope of banking the needs and requirements of the humble individual. This has been considered too small a matter heretofore, but the aggregate of the demand is now working toward so mighty a volume of discontent throughout the whole country, that it will result in some violent social upheavals unless the cause is removed.

It was not very long ago that banks not savings institutions would not handle small deposits. Now every effort is made to induce even the smallest wage earner to become a depositor, as the aggregate means millions of more dollars to loan to big business interests. As the common people are now furnishing the funds, they have a right to expect some system of banking better adopted to is one of the problems to consider in the new scheme of banking that the financial sharps are trying to devise. their needs than now exists. ELECTRIC SPARKS

It is hard to understand just why press agents advertise in their advance writeups that certain female artists have lovely stage gowns, when to the average beholder they seem to lack even the conventional string of beads.

PICKED UP IN PASSING

Recently one of the large Pittsburg department stores advertised that on a certain date living models would be employed to display ladies' gowns and wraps. A Charleroi matron, it is stated, who had been contemplating the purchase of an evening gown thought this a good opportunity to make a selection, and prevailed upon her husband to accompany her, as she always desired to please him in the selection of her gowns. They accordingly went to the store of the living models, where gown after gown was donned and paraded before the couple. There was such a bewildering array of pretty and stylish gowns that the woman was at a loss to make a selection. Finally, when the choice resolved down to between three available garments, the woman appealed to her husband.

"Now, Tom, which of those do you like the best?" she said, as three of the models lined up before them in the center of the room.

"Well," he replied critically, "that black-eyed one looks good to me."

"Advertising pays," said Rev. Lucius W. Shey, rector of St. Mary's Episcopal church, Saturday, as he came in to give his church notice for the schedule of services Sunday in the department published by the Mail each week. "Many strangers find their way to our church each Sundays through the medium of these Saturday notices. The other Sunday I noticed two fine looking men, strangers, in our congregation, and after the services I went up to them and extended greetings.

"'We saw the notice of your services in the local paper at the Wilbur Hotel where we are staying over Sunday,' one remarked, 'and as we are Episcopalians we immediately sought out your church.'

"Nearly every Sunday strangers are encountered on the streets inquiring for Sixth and Lookout, the location of our church."

"Hello," said a feminine voice over the 'phone this morning, "is this the Mail office?"

"Yes."

"Well, I wish that you'd put in your 'Picked up in Passing' column today that two of our prominent young men went to Pittsburg Saturday evening to see Gertrude Hoffman at the Alvin."

"What is there unusual about that, outside of a personal mention. What are their names, please?"

"Oh, never mind their names. Just say they went and took an opera glass with them."

MANY HELPFUL WAYS OF DOING ODD THINGS

A housekeeper who prides herself on her excellent management gives the following secret of dusting; she always dips her dusters in paraffin oil after washing them. and says it is really astonishing to find how much more effective they are.

This is only one of the numerous uses to which she puts kerosene. A kerosene soaked rag removes all of the grease from her kitchen sink and leaves it bright and shining; in the same way her stove is kept clean.

Care of the Range.

In speaking of stoves, it is worth mentioning here that vaseline is considered an excellent substitute for blackening for the gas range. After work on the range has been finished for the day a rag greased with vaseline should be rubbed over the range inside and out. If this is done while it is still warm, the gas having been turned off, the effect is most satisfactory.

From another housewifely friend come some suggestions for the laundry. Any one who is fond of pretty lingerie and possesses much fine Irish linen likes to superintend the washing herself. Following are a few pearls of wisdom for the home laundress:

Woman's Precious Gift

The one which she should most jealously guard, is her health, but it is the one most often neglected, until some ailment peculiar to her sex has fastened itself upon her. When so affected such woman may rely upon Lydia E. Pinkham's Vegetable Compound, a remedy that has been wonderfully successful in restoring health to suffering women.

Make Us Prove It

We dare not exaggerate to you. We are dependent upon your patronage. To get it we must have your trust and confidence. We make the following statements with a full understanding of what they mean to us. You are safe when you believe in these statements.

For the Bowels

If you only knew as much as we and those who have used them know about Rexall Orderlies, you would be as enthusiastic about recommending them as we are. They taste just like candy. They act so easily and so pleasantly that the taking of them is a pleasure.

Even children like Rexall Orderlies; and you know that if a medicine appeals to a child, it will appeal to grown-ups.

Rexall Orderlies

help chase gloom, dispel blues and make you feel happy by their splendid tonic, cleansing and strengthening effect upon the bowels.—They act to free the system—and keep it free—from the distress and ill feeling that naturally results from irregular and inactive bowels.

Rexall Orderlies do this quietly, without griping or causing nausea, purging or excessive looseness. They act to overcome and remove the cause of bowel ills and in a short time usually make unnecessary the continued use of physics and purgatives, thus tending to stop such unhealthy habits as may have been formed.

Make Us Prove This

We do not ask you to take our word for this. We want you to make us prove it, and at no cost to you.

Buy a box of Rexall Orderlies at our store. Use them once, or use up the whole box. Then, if you are not thoroughly satisfied, just come back empty handed and tell us. Without obligating you or questioning you we will return the money you paid us for them.

Doesn't that indicate that Rexall Orderlies are at least worthy of trial? Doesn't it prove our faith in them? Doesn't it merit your confidence? Could any offer be more fair to you?

We particularly recommend Rexall Orderlies for children, delicate and aged persons. Rexall Orderlies come in convenient vest-pocket size tin boxes. 12 tablets, 10c; 36 tablets, 25c; 80 tablets, 50c.

CAUTION: Please bear in mind that Rexall Orderlies are not sold by all druggists. You can buy Rexall Orderlies only at The Rexall Stores.

You can buy Rexall Orderlies in this community only at our store:

SPRING ANNOUNCEMENT

Opening Display

Illustrating Spring's Authentic Styles

for

MILLINERY and GARMENTS

Wednesday and Thursday, March 19-20

VOLUMES might be written on the Authentic Styles for Spring, but just as you must see a beautiful piece of landscape to appreciate it, just so you must see these beautiful Spring Wearables to get an idea of their beauty. Word pictures can only convey to you a general description, you must see these garments yourself to get a true conception of their merits. We have spared neither pains or expense to get just what you might want. We have made a study of your tastes and we are certain that you will be as pleased to see these new creations as we are glad to show them to you. The whole store will be in holiday attire. Every department will welcome you with special displays---we want you to come in and see these goods for Spring and Summer.

An Authentic Showing of Tailored and Dress Hats for Ladies

There are many decided changes in hats this season and as millinery is the most important feature at opening time, we are sure the ladies will appreciate the treat that we have in store for them in this department. The new shapes, the new colors, in the very newest French ideas should prove attractive to all lovers of tastefully trimmed hats. The prices range so easily, that all can be pleased in quality and price. Come in and look around—take your time and see all these pretty creations.

Opening Display of Suits, Coats and Dresses

We believe that we can say with pardonable pride, that our suits are prettier this season than they ever were before. They are dainty, chic and handsome. These suits were bought direct from the maker and they are all that a reliable suit should be. Nobby cutaways that are very becoming, plain tailored suits—whether it be a simple little suit or a more elaborate design, there is a suit right here to your liking.

Come to the opening and see these pretty garments on display. See the pretty dresses that were selected expressly for you. You must take your time to see how very pretty they are.

New waists, New Skirts, Children's Dresses—all the latest styles.

SPRING COATS FOR LADIES, MISSES AND CHILDREN

Opening of Silks, Wash Goods and Dress Woolens

Silks have a wider range than ever before, there are so many new patterns this season. Gives one a better chance to select the one best suited their tastes. Our Charmeuse, Crepe Meteors, Taffettas, Messalines, Brocade and Bulgarian Silks make a stunning display. Come in and see them.

Our Dress Goods and Wash Goods departments will merit your attention too. Don't fail to see them and the accessories as well.

Opening Day Styles Spring Fashions for Men

We have always thought that the men appreciated pretty things too, so we are going to give a Spring Opening for men in conjunction with our Millinery Opening. There will be a showing of beautiful new styles and fabrics for spring wear in suits for men and boys.

Made-to-Measure Suits

The careful dresser has long since learned that to be well dressed he must have a suit that meets his individual measurements. In the made to measure suit every little peculiarity, as to build and position, is incorporated in the suit. There are no two men proportioned just the same, for this reason Merchant Tailors draft a pattern for every garment.

Our man will be glad to show you the five hundred or more suitings that we have from America's best Merchant Tailors. You select the cloth from this large line of woolens and he will do the rest. He will measure you and do it correctly. But remember that we say, "A Fit or No Sale." We guarantee a fit—the cloth and workmanship speak for themselves. Easter is almost here, and Spring is close at hand. Have a look at our exclusive patterns—the new colors and weaves. Look at our window display and remember that We Positively Guarantee a fit or No Sale. Others have ordered and reordered, why not make us prove that we can do as well for you.

Spring Hats and Furnishings

We have most everything you want in furnishings—and the correct kinds, too—in large assortments. There is new neckwear, men's and boys underwear, men's and boy's shirts, caps, hats, collars, hose, unbrellas, etc.—and they are always the best. It will pay you to keep in touch with our furnishing department.

We carry a full line of ready made suits for men, young men and boys. We have a suit for every requirement, and one to suit every purse.

In order to give our attention absolutely to our customers, we will have no music or souvenirs, but we will have our usual Opening Sale. Special goods will go on sale in each department and every visitor will receive Ten S. & H. Green Trading Stamps Free on These Two Days

Double Green Stamps on All Sales

In addition we will give Double Stamps on all Cash Sales in Every Department on these Two Opening Days. You are cordially invited to attend this Spring Opening, which features all that is new in Millinery, Suits, Men's Clothing, Silks, Dress Goods, Wash Goods, Laces, Ribbons, Neckwear, Etc., Etc.
